

Walk Instructions:

1. Turn to face west. The village green on your left, cottages on your right. Proceed along this narrow country lane, heading in the direction of the parish church.
2. Turn left into the by-road that leads down past the church. At the end of this byroad follow the lane round to the right.
3. Turn left at the finger sign which leads to a clearly defined path, and continue straight ahead. Pass through a gateway, and continue through the grazing meadow, heading towards the earth bank of the River Bure.
4. Climb the side of the bank, the footpath runs along the top of it. Once on top of the bank turn left and head towards Runham Drainage Mill.
5. Just after the third stile, (GR: 469101) leading to Runham Drainage Mill, descend from the bank side path.
6. At the bottom of the bank, look out for the finger sign.
7. Turn immediately left onto a wide and clearly defined track and continue ahead, the river Bure should be behind you now. As the dyke on your right comes to an end and the path begins to sweeps around to the right, look out for the finger sign pointing to a narrow pathway which runs alongside the gardens of Manor Farm house and cottages
8. Follow this narrow footpath as it runs parallel with the gardens.
9. At the road turn left and rounding the corner of the Old Chapel to your right continue ahead, passing houses and gardens on your right. Continue on this gentle uphill lane, which leads to the village green and will return you to the start of the walk.
